

Itchen Abbas Primary School

Homework for Year 6 Spring 2 Term 2020

All children are expected to complete the green or yellow squares, this is your core homework. White squares are your home learning. Choose at least two of these to complete. Date the squares as you complete them. Homework is to be brought into school each Monday and all homework is due to be completed by Monday 30th March. Have fun! Mrs Parsons.

Reading Task	Writing Task	Maths Fluency Task	Maths Problem Solving Task
<p>It is so important you read each day at home. Record your home reading in your homework book weekly and make comments on what you have read.</p> <p>What happened? How did the characters react? What will happen next? Any sentence grab you? Anything surprise you?</p>	<p>Keep your own diary for a week by making daily entries. Include recounts of what has happened, what will happen and how you feel about it. I will be reading it so make sure it is not too personal and be selective. Will your audience be interested in reading what you had for breakfast?</p>	<p>Twice weekly Times Tables Rockstars please to improve recall speed- I will be checking on progress made.</p>	<p>Consolidate your understanding of fraction rules using BBC bitesize. Create a poster explaining different rules associated with fractions. Include written problems to help to demonstrate the rules. (eg. Finding equivalents, rules for adding, multiplying etc...)</p>
Weekly evidence please.	Monday 23rd March	Weekly evidence please	Monday 9th March
Topic	Research	Food Tech	Home Learning
<p>Find out about the UK's major trade links with Europe and globally. Represent your findings on a map or create a diagram.</p>	<p>Find out about the trade history of Southampton docks or the port of London. Report your findings.</p>	<p>Track the origins of each ingredient of your favourite meal. Which countries do they come from? What is the raw ingredient? Describe the processing journey eg wheat to make bread or cocoa bean to make chocolate.</p>	<p>Regular practice using the SATs booklets.</p>
Music	Going places	Art/DT	Computing
<p>Practice the ukulele following on from lessons in class.</p>	<p>Visit Southampton docks and find out its role in cargo trading. Take a trip up the Thames to see the old trading dockyards and find out about London's immense history in trade.</p>	<p>Use junk modelling to construct the houses of Parliament.</p>	<p>Design a new App to improve lifestyle. Prepare a pitch to Apple. Who is your audience? What need is the App addressing? How would it work? What would the benefits be?</p>
Reading Challenge	Science Challenge	Maths Reasoning Challenge	Writing Challenge
<p>Immerse yourself in poetry. Find a poem you particularly like and prepare to perform it.</p> <p>Monday 30th March</p>	<p>In the habitat of the British Woodland, find 10 to 20 animals or plants that live there. Group these items. E.g. Flowering/non-flowering plants, insects, mammals, molluscs, arachnids... Produce some detailed scientific drawings of animals or plants you have observed.</p> <p>Monday 16th March</p>	<p>Use a tube of smarties/skittles or a bag of counters. Write ten statements about the contents using fractions, percentages, ratio and proportion. Eg the Ratio of orange to blue is 3:5 or 3/8 are red or 45% are either red or blue.</p> <p>Monday 9th March</p>	<p>Keep your own diary for a week by making daily entries. Include recounts of what has happened, what will happen and how you feel about it. I will be reading it so make sure it is not too personal and be selective. Will your audience be interested in reading what you had for breakfast?</p> <p>Monday 23rd March</p>
