

**Itchen Abbas Primary School**  
**Homework for Spring 1 2019/20**

**Year 4**

**All children are expected to complete the green squares, this is your core homework.** Yellow squares are optional for those of you who want an extra challenge. **White squares are your home learning.** Choose at least two of these to complete. Date the squares as you complete them.

All homework is to be brought into school by Thursday 13<sup>th</sup> February 2020.

<p align="center"><b>Reading Task</b></p> <p>Make a poster to advertise your guided reading book. It should encourage people to read it.</p> <p align="center">Due: 17<sup>th</sup> January 2020</p>	<p align="center"><b>Writing Task</b></p> <p>Find out more about Maya hieroglyphs and symbols. Write a short message and see if someone can decipher it!</p> <p align="center">Due: 24<sup>th</sup> January 2020</p>	<p align="center"><b>Maths Fluency Task</b></p> <p>Each of you draw an addition grid like this:</p> <div style="text-align: center;"> <table border="1" style="display: inline-table; border-collapse: collapse;"> <tr><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td></tr> </table>       +        <table border="1" style="display: inline-table; border-collapse: collapse;"> <tr><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td></tr> </table>       =        <table border="1" style="display: inline-table; border-collapse: collapse;"> <tr><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td></tr> </table> </div> <p>Take turns to throw the dice. After each throw of the dice, you each decide which of your cells to put that number in. Throw the dice four times until all the cells are full. Whoever has the answer closer to 100 wins.</p> <p align="center">Due: 31<sup>st</sup> January 2020</p>										<p align="center"><b>Maths Problem Solving Task</b></p> <p>Arrange the numbers 1 to 6 in each set of circles below.</p> <p>The sum of each side of the triangle should equal the number in the centre of the triangular shape. What other totals can you make?</p> <div style="text-align: center;"> </div> <p align="center">Due: 7<sup>th</sup> February 2020</p>
<b>Spelling</b>		<b>Reading</b>										
Weekly practice from your spelling journey		Record your home reading in your homework book										
<b>Topic</b>	<b>Languages</b>	<b>Nature</b>	<b>Home Learning</b>									
Research a Mayan city. What can you find out about it? What was it like? Write a fact file about it!	In Mexico, the most common spoken language is Spanish. Find out how to say some phrases in Spanish?	Find out about Mexican flowers, trees and animals.	Your choice: choose an activity to help you find out more about our topic – The Mayans!									
<b>Art</b>	<b>Food Technology</b>	<b>DT</b>	<b>Travel</b>									
Find out about the different Mayan gods. Draw a picture of what you think they looked like. Write about what you have found out.	Make a typical Mexican dish and create a set of instructions so others can follow.	Design and build your own Maya temple using junk materials and write a description about it.	Plan an imaginary trip or holiday to Mexico. Research online. How many ways are there to get there? How long would it take? How much would it cost? Make an itinerary for your trip, showing what you would like to see and do while you are there.									
<b>Reading Challenge</b>	<b>Science Challenge</b>	<b>Maths Challenge</b>	<b>Writing Challenge</b>									
Make a quiz with at least 10 questions about the book you last read. Give your family time to read the book you chose, then test them on their knowledge!	Choose something in your house that uses electricity. Write to explain how it works.	<div style="text-align: center;"> <table border="1" style="display: inline-table; border-collapse: collapse;"> <tr><td style="width: 20px; height: 20px; text-align: center;">3</td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px; text-align: center;">7</td></tr> <tr><td style="width: 20px; height: 20px; text-align: center;">24</td><td style="width: 20px; height: 20px; text-align: center;">21</td><td style="width: 20px; height: 20px; text-align: center;">22</td></tr> <tr><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px;"></td><td style="width: 20px; height: 20px; text-align: center;">29</td></tr> </table> </div> <p>The number above is always the difference between the two beneath it. Can you find different pairs of numbers with a difference of 1 or 2 or 3 or 4 ... and so on? How many different ways can you find of doing it?</p>	3		7	24	21	22			29	Write a 'what if it came to life' story about an electrical appliance.
